

60 cm single door freezer H186 cm, freestanding Master-serien

SEK 14,995

RFZ60F4FXNC

The internal configuration is designed for maximum flexibility thanks to its 278L capacity. This refrigerator has 5 crispers, 2 glass shelves and 2 door bins. The interior LED lighting on top provides bright interior illumination with minimal energy consumption. Its intuitive touch display allows temperature setting, Super Freeze and Economy function activation. The freezer is equipped with a convenient manual ice dispenser.

This single door freezer is designed to fit seamlessly into any kitchen configuration due to its reversible door and to the handles available in Professional Series and Master Series style.
