

90 3-Segment 5 Induction Zones hob Professional Series

PM360IGX

Bertazzoni induction cooking is fast with minimum heat up times and saves on energy. There is no waste of stored or residual heat; practically all the energy is used to heat the pan. Also, there is no waiting for elements to heat up; full power is available immediately.

The Full-width induction cooktop has knob controls and five heating zones. Black glass ceramic tops are smart, contemporary and easy to clean.

Products and packaging are 99% recyclable 

Colors shown will vary depending on your screen settings and resolution. Contact your dealer for further advice.
